Request

Exclusive distribution rights for various countries

We are looking for distributors in EU and other countries. Here is what we offer:

- Exclusive award-winning liqueurs with atypical flavors
- Only the highest quality ingredients in the products, for example, we use wine distillate as the base for all our liqueurs
- 100% natural ingredients
- fair prices
- exclusive distributor rights
- possibility for different branding of some products in each market (product names, labels ...)
- interesting products for specific market niches. For example, our top seller "Golfer" has great market potential in most EU countries.
