## Bilateral Meetings

- Tuesday 12:30-16:00

### Description

The Slovenian company was established in 1968 and today it is one of the leading manufacturers of agricultural machinery in Central and South-Eastern Europe. The company is dealing with the production of agricultural and forestry machinery. Its key products are AGS sprayers and AGP mist blowers. Its AGT tractors are designed specifically to cope with steep slopes, vineyards and orchards. Tractors can also be equipped with various attachments to be used in public utility and forestry sectors or other specific work. Most of their products are exported to the European countries, but they are also present in more than 30 countries worldwide. The company is also offers tractors and implements produced by some of the world's most renowned manufacturers, including a wide range of spare parts and consumables for agricultural machinery. The company is seeking producers of suppliers of angle steel profile as described in the Technical Specification section. They are looking for suppliers from Germany who would be ready to supply such products to them and thus extend their sales also on the Slovenian market.

A SKYPE CONFERENCE WITH SELECTED BUSINESS PARTNERS WILL BE ORGANISED IN THE TIME PERIOD 26. - 30. AUGUST 2019.
