Description

The company was established in 1991. They are one of the leading Slovenian companies engaged in selling new and used agricultural machinery, servicing and selling spare parts and consumables for agriculture. They are supplying their customers with different kinds of products for maintenance of gardens, parks, agricultural and forestry surfaces. The company is offering tractors, lawn mowers, loaders, equipment for soil treatment, forestry equipment and other products for gardens, parks, agricultural and forestry surfaces. They are representing several established producers from European union. The company is just working on the extension of its list of suppliers and they want to upgrade their second hand sales program of agricultural equipment. Therefore, they are looking for the suppliers of second hand tractors in France who would be ready to supply their products to this Slovenian company and thus extend their sales on the Slovenian market.
